

CONFERENCE-X. CONFERENCE TABLES

DESIGN: EOOS.

Table top and edge versions

There are two types of edge available.

Basic:

weight-optimised core plate with straight edge.

Thickness: 33 mm.

Surfaces:

HPL laminate, fenix® and veneers from price groups II, IV, V, VI.

Advanced:

weight-optimised core plate with rounded edge (any attachment sides must always have a straight edge).

Thickness: 33 mm,

rounded off to 12 mm. Rounded edge, sprayed black.

Surfaces:

fine textured paint, HPL laminate, fenix® and veneers from price groups II, IV, V, VI.

Table legs

Leg:

Highly polished aluminium, or powder-coated black matt with integrated height adjustment.

The leg can be set at the external position (for connecting other tables), or internal position.

No tools needed to attach the leg. Each of the four handles ("Easy Handle") on a leg can be locked separately.

Accessories

The textile-look modesty panels, mesh cable-holders and vertical cable ducts are detailed in later pages.
